# MAGNA

## Collection

### Magna – The Premium Washroom Cubicle Range

Magna is the pinnacle of intelligent washroom design. This full-height, flush-to-ceiling cubicle system is a first in the industry, offering a seamless, monolithic appearance with ultra-low ground clearance to ensure maximum privacy — a true innovation in its class.

Every detail reflects thoughtful design. From the sleek new door stiffeners and built-in door stoppers with slide bolt function, to the minimalist interiors and streamlined exteriors, Magna delivers elegance with purpose. Subtle interior LED lighting along the top rail adds a sophisticated glow, while premium fittings make a bold design statement. The dual compact divider system features low-clearance adjustable legs, with flush-mounted, vandal-resistant fixtures for both form and function. Premium accessories come standard, rounding off a range that redefines privacy and sets a new benchmark in luxury washroom solutions.

## AIR

### Glide

We make “floating in the air” look good.

The premium Glide restroom cubicles definitely stand notches above the ground when it comes to style, symmetry and ease. Elevated mid and end panels give a sense of space, while the flushed ceiling roof gives a seamless sense of design and ease. Easy to clean, easy to install and minimalist exteriors make this range exclusive, designer and free flowing in every sense of the word.

Taking aesthetics to the next level, colours are well coordinated, fittings are premium with soft closing locks, flush screw covers for a no screw look and the mid and end panels hang elegantly on powder coated hidden top rails. The no legs look makes this premium range very much in tune with the times – where privacy is not just a state of being but a personal statement.

## Wind

So that private spaces stay well grounded.

The premium Wind range of restroom cubicles stand out distinctly for their unique “up in the air” design, and the added benefits of minimal exteriors and easy to clean floor features.

Fitted with premium fixtures that keep vandalism at bay, the Wind restroom cubicles also boast of sleek, single tone fixtures like double coat hooks, soft closing locks, robust, laminated panels that make your customer’s private space even more endearing and uncomplicated.

## Whirl

Whirl restroom cubicles collection: fluidity in a no-top-rail design

Grandiose is a two letter word.

Our Whirl restroom cubicles are designed with only one thought in mind: to give private spaces a new design language. Which is why, this premium range has all the makings of sophistication and style. The Whirl restroom cubicles are sleek, fitted together seamlessly. To amplify the fluidity of unrestrained space, we designed a “no top rail” look. The fittings are of a premium finish—be it the soft closing locks, the sleek double coat hook, or the chrome finish skirtings on the panels. What you see is the sheer elegance of space nuanced by artistic details.

Fun, safe, and imaginative cubicles for kids

We offer a vibrant range of cubicle solutions designed especially for children — sparking imagination while ensuring comfort and safety. Whether for pre-schools, junior schools, or paediatric hospital sections, our playful designs and cheerful colours brighten up any space and turn everyday routines into delightful experiences. Let us help you create environments where children can feel at ease and inspired.
